Vežano za nedavnu temu HULK druženja koje je bilo posveæeno linux certifikaciji.

Novel i LPI su se dogovorili i Novell sada priznaje LPIC-1 kao osnovu za dobivanje Novel CLA (Novell Certified Linux Administrator). Nije potrebno ni'ta plaæati ili polagati, samo kod Novell-a prijavite svoj LPI ID, LPI verification code i osobne podatke te postajete njihov CLA :)

Citat:

**IMPORTANT: LPIC ALUMNI ELIGIBLE TO RECEIVE NOVELL CLA CERTIFICATION**

LPI is pleased to announce that holders of LPIC certifications are now eligible to apply for and receive the Novell Certified Linux Administrator (CLA) certification **at no additional cost or exams**.

This initiative is the result of a new partnership agreement between Novell and LPI. Under this program those Linux professionals who have earned their LPIC-1 status will also have satisfied the requirements for the Novell Certified Linux Administrator (CLA) certification. To further support this initiative Novell Training Services has formally agreed to include the required LPIC-1 learning objectives in its CLA course training material.

To apply for your Novell CLA, go to:

<http://practicum.novell.com/LPI2CLAForm.php>

and fill out the required fields. You will need to provide your LPI ID, verification code, name and contact information (NAME, MAILING ADDRESS, PHONE NUMBER, and EMAIL). All LPI alumni are able to validate their LPIC status at:

<https://cs.lpi.org/caf/Xamman/certification>

by providing their LPI ID and verification code.

For further information on this program please contact your local affiliate at:
