Pozdrav, imam problema sa update sustavom na debian lenny.

Ovako mi izgleda source list:

```
#
# deb cdrom:[Debian GNU/Linux 4.0 r5 _Etch_ - Official amd64 NETINST Binary-1 20081024-15:49]/
etch contrib main

#deb cdrom:[Debian GNU/Linux 4.0 r5 _Etch_ - Official amd64 NETINST Binary-1 20081024-15:49]/
etch contrib main

deb http://ftp.hr.debian.org/debian/ etch main
deb-src http://ftp.hr.debian.org/debian/ etch main

deb http://security.debian.org/ etch/updates main contrib
deb-src http://security.debian.org/ etch/updates main contrib
```

Ovo mi izbacuje kao gre¹ku:

```
Ign http://ftp.hr.debian.org etch Release.gpg
Get:1 http://security.debian.org etch/updates Release.gpg [835B]
Hit http://security.debian.org etch/updates Release
Ign http://security.debian.org etch/updates/main Packages/DiffIndex
Ign http://security.debian.org etch/updates/contrib Packages/DiffIndex
Ign http://security.debian.org etch/updates/main Sources/DiffIndex
Ign http://security.debian.org etch/updates/contrib Sources/DiffIndex
Ign http://ftp.hr.debian.org etch Release
Hit http://security.debian.org etch/updates/main Packages
Hit http://security.debian.org etch/updates/contrib Packages
Hit http://security.debian.org etch/updates/main Sources
Hit http://security.debian.org etch/updates/contrib Sources
Ign http://ftp.hr.debian.org etch/main Packages/DiffIndex
Ign http://ftp.hr.debian.org etch/main Sources/DiffIndex
Ign http://ftp.hr.debian.org etch/main Packages
Ign http://ftp.hr.debian.org etch/main Sources
Err http://ftp.hr.debian.org etch/main Packages
  404 Not Found [IP: 161.53.160.11 80]
Err http://ftp.hr.debian.org etch/main Sources
  404 Not Found [IP: 161.53.160.11 80]
```
